Objective

A motivated Computer Science student seeking an opportunity to utilize my programming, analytical, and technical skills to develop innovative software solutions and gain practical industry experience.

Education

- St. Thomas College of Engineering and Technology** 2024-2027
B.Tech in Computer Science and Engineering
- Central Calcutta Polytechnic** 2021-2024
Computer Science and Technology
9.5/10

Skills

- Programming Languages: C, Python, Java (Basic)
- Web Technologies: HTML, CSS
- Frameworks / Tools: Django, Git, VS Code
- Databases: MySQL
- Operating Systems: Windows, Linux (Basic)
- Concepts: Machine Learning basics, Data Structures, Computer Networks, Software Engineering basics

Projects

- Face Recognition Attendance System (Python + OpenCV)**
A machine-learning-based attendance automation system that captures students' faces using a live camera feed, identifies them using trained models, and stores/upgrades attendance records in a backend database.
Technologies: Python, OpenCV, NumPy, Tkinter, MySQL

Achievements & Awards

- Certificate course in Artificial Intelligence & Machine Learning (Python)
- Attended a Seminar on AI at Jadavpur University

Interests

- Python Development
- Computer Lab Maintenance
- Hardware & Software Troubleshooting
- Video Editing

Languages

- Bengali
- English
- Hindi

Hobbies

- Problem-Solving & Smart Working
- Fishing
- Cricket
